<b>VINEYARD DETAILS</b>	Anna's Estate Vineyard   1400 - 1695 feet Calcareous Limestone Soil

Adelaida's organically-farmed estate vineyards are located in the coastal-influenced Santa Lucia Mountain Range on the west side of the Paso Robles AVA. Situated on steep hillsides, these sites lie within the Adelaida District, a sub-appellation in the northwest corner of the wine region. With elevations ranging from 1400 - 2050 ft, limestone subsoils, and extreme diurnal temperature swings, averaging 45 degrees, Adelaida produces wines with distinct expressions of their site.

The winter months between 2020-2021 were cool and dry, with just 7.25 of rainfall and an average temperature of 51 degrees Fahrenheit. These conditions spurred an early bud break, followed by a moderate spring and warm summer with no heat waves. These conditions allowed harvest to proceed at a mostly predictable pace; the sugars evolved slowly due to limited heat spikes, and the acids remained high across all varieties.

This 2021 Anna's Red Signature offers a harmonious blend of aromas and flavors to dazzle the senses. The wine opens with scents of blackberry preserves and anise reminiscent of freshly baked cobbler. These fragrances, combined with the delicate aroma of violets, reveal the complexity of this blend. The wine's taste lives up to its aroma, highlighting luscious ripe black cherries and a spicy hint of black pepper. This culminates with the surprising, yet delightful, note of teriyaki, which adds a unique savory/umami element to the wine. Overall, this wine delivers a well-balanced, luxurious, and multi-faceted tasting experience, with each aroma and flavor coming together perfectly. Drink now through 2034
